

## **THE DISTRICT COMMITTEE MEMBER AND THE WASHINGTON STATE EAST AREA 92 COMMITTEE**

*The district committee member (D.C.M.) is an essential link between the group G.S.R. and the area delegate to the General Service Conference. As the leader of the district committee, made up of G.S.R.s in the district, the D.C.M. is exposed to the group conscience of the district. As a member of the area committee, he or she is able to pass on the district's thinking to the area delegate and the area committee.*

**Page S 28 (2000/2001), The AA Service Manual.**

*The duties of a qualified district committee member range from a few to a lot, depending on how far along an area is in general service work. But there is general agreement throughout all areas that duties should be spelled out in detail. Not only does this help clarify what D.C.M.'s should or should not be doing- it also has a strong morale effect; it makes each of them aware that a D.C.M. is an essential wing of the area committee. Need to look at the 2002-2003 Service Manual*

**Page S55 (1998/1999) The AA Service Manual.**

**With this in mind, The Washington State East Area 92 Committee has put together the following thoughts and information for the use of future DCMs:**

In The Washington State East Area 92, our DCMs traditionally meet with the other members of the Area Committee in January, “April Spring Pre-Conference Assembly” and July. The fourth meeting of the year is in October at the Washington State East Area 92 Assembly. Some of the Area Committee members have been:

1. Sharing experiences, ideas and problems in each of the Districts represented.
2. Receiving information to take back to the Districts from our Delegate, other Area officers and special committee chairpersons, about G.S.O., the General Service Conference and various Area activities.
3. Presenting reviewing and/or clarifying motions concerning Area policy, procedure and organization.

We have found that the first two functions; experience sharing and information gathering, though often time consuming, have been enjoyable and worthwhile.

The processing of motions had often been very confusing, therefore, we would like to share some of our experience about this important area of committee work:

1. The idea for a motion can come from an individual, a group, a district, or from the floor of the committee meeting or Assembly.

2. The committee tries to be responsive to the needs of the Area by choosing the most appropriate course of action for each issue and using the Traditions and Concepts as guidelines.
3. It would seem that some motions, such as non controversial housekeeping actions which would ensure the orderly functioning of the Area, would be best handled and voted on at the committee level. The Concepts clarify the advantages for the groups in being able to delegate such responsibilities to particular bodies within the service structure.
4. Some situations may dictate that the Committee might need to take action at a quarterly committee meeting on an issue normally handled at Assembly. In such a case, polling groups through their GSRs has proven an effective procedure.
5. Some ideas or changes by their very nature or scope need to be put on the Assembly agenda for approval by the GSRs.
6. Ideally, motions to go before the Assembly will be presented to the Committee, discussed, clarified and rewritten for inclusion on the Agenda. One role of the Committee it seems is to clarify the language and structure of all motions to insure that their intent is clear to the individual member or group in our Areas.
7. Should the Committee choose to not include a proposed motion on the agenda, the makers of the motion could still present it as new business at the Assembly.
8. The Committee, through the collective wisdom of its group conscience, seeks to represent the best interests of the Fellowship in the Washington State East Area 92.

**Finally, we would like to share a few recommendations based on our experiences:**

1. Ample time should be made available during committee meetings for the discussion and clarification process. The committee meetings should not be so formally structured that free discussion about a concept or new idea is discouraged because it is not in the proper form of a motion. Communication has seemed more important than parliamentary procedure.
2. We would hope that the Washington State East Area 92 Newsletter will be more frequently used as a forum not only for district activities and Area Activities, but also for new ideas, problems and proposed motions. This would allow the Committee members time to gather information on an upcoming subject, get feedback from the groups in their Districts and come to the Committee meeting better prepared to reach an informal group conscience.
3. Experience has shown that informal meetings by DCMs from nearby districts have been valuable for the exchange of ideas and the clarification of issues.

4. As the Fellowship continues to grow, many members feel that the Twelve Concepts should be more actively used to clarify issues of authority and responsibility within our Area service structure.

5. Ideally motions intended for inclusion on the October agenda would be introduced at either the January or “April Spring Pre-Conference Assembly” meetings to insure ample time for their discussion, evaluation and clarification.

In summary, the Washington State East Area 92 Committee meetings, in our experience, have been opportunities for learning and growing within our Fellowship. Here is the ideal place to work on the unity of our Area. The quality of these meetings has often been directly proportional to the participation and preparation of the individual members. We hope these thoughts will be helpful to new and future DCMs on the Washington State East Area 92 Committee.

## **INTRODUCTION**

It is the intent of this handbook to serve as a reference guide to the trusted servants of the Washington State East Area 92 Committee, their responsibilities and the allocation of funds approved by prior Assembly motions for each to carry out their service duties. It should be stressed that this information is meant to supplement, not replace, the A.A. Service Manual which the Washington Area 72 Assembly accepted as a guideline in 1972. However, Areas differ in structure, size, service positions and duties, and it is therefore important to understand what our Area Committee is and how each part relates to the other. Job descriptions have been compiled from the experiences and suggestions of members who, in previous years, held these specific jobs. Attention has been given to address items which are unique to the Washington State East Area 92, keeping in mind that like those found in the A.A. Service Manual, are suggested only. Some descriptions are more detailed than others due to the more diverse nature of their duties necessary to assist in rotation. These complete descriptions are not included in this handbook but can be requested from the current member serving in this position. While every effort was made to be as accurate as possible, it should be understood that changes and flexibility in the carrying out of any service job should always be a consideration and should not restrict anyone from carrying out their respective service functions. In order to better serve the Spanish speaking members of Washington State East Area 92 the Washington State East Area 92 Handbook be translated into Spanish.

### **1.0 AREA COMMITTEE**

The Washington State East Area 92 Committee consists of the following members:

- 6 Area elected officers
- 9 Area appointed and standing committee chairpersons
- All District Committee Members (DCMs)

The committee meets quarterly, January “April Spring Pre-Conference Assembly” and July, with attendance at the Area Assembly counting as the fourth meeting. It is general practice for districts to host quarterly meetings of the Area. The purpose of these meetings is to discuss the business of the Area, maintain an open line of communication within our Area through sharing sessions and reports, and formulate and approve motions to be added to the agenda of the Area Assembly.

### **2.0 AREA ASSEMBLY**

The Area Assembly is held annually on the third weekend in October. The Assembly is currently a three day event. Workshop panels are scheduled on Fridays, with our sharing session (chaired by the Host Committee) and an Ask It Basket (chaired by the present Delegate) that evening. Saturday is an all-day business meeting which includes reports from committee members a sharing session, and discussion and voting on old and new business motions. Saturday’s conclusion will include a dinner and/or other host committee activities as per past motions. The voting body of the Assembly consists of currently serving Area Officers, DCMs, GSRs (or alternates in their absence). A spiritual breakfast with a speaker is scheduled for Sunday morning (chaired by the Host Committee). The recordings of the speakers at the Washington State East Area 92 Assemblies are not to be offered for sale. A detailed description of Area Committee meeting activities is outlined in the A.A. Service Manual.

To keep the fellowship informed, the treasurer submits a quarterly report which is distributed through the DCMs and also printed in our Area Newsletter. Some of the expenditures approved by Assembly action are:

- A) \$1,000. (maximum) seed money for each Assembly Host Committee to meet expenses incurred prior to the Assembly. This money is returned to the Area where it will be available for use by the next host committee.
- B) \$300. (maximum) seed money for use by districts hosting Washington State East Area 92 Quarterly meetings (not the Quarterly meetings of the standing committees) and repaid to the Area so that it will be available for the next host district.
- C) \$200. (maximum) seed money for the Pacific Northwest Conference (if required)
- D) All Area Committee funding as outlined in the following sections. The Area Treasury operates on a working reserve arrived at by taking the sum of the most recent two years operating expenses and multiplying by 16.66%.
